Why Fly with Flinn?

Flinn Aviation, LLC is headquartered in Austin, Texas and manages the sale of corporate jets, turboprops, and helicopters, with over 300 worldwide transactions to date. Our 21-year history of successful aircraft transactions with a great deal of repeat business is testament to our professionalism, business ethics, and customer satisfaction. We are trusted by reputable aircraft owners and operators worldwide

Flinn Aviation has rapidly become an industry leader in both the fixed wing and rotor wing markets with a customer list spanning the globe and in every industry segment. Flinn Aviation is well versed in international transactions, which account for approximately 40% of our business. We now have an additional office located in Fort Lauderdale, Florida to accommodate our east coast clients, reaching a broader customer base. We have comprehensive market research, technical knowledge, and aggressive marketing techniques resulting in a proven and documented track record.
