

Pilot's Operation Handbook and Airplane Flight Manual

Manufacturer Serial No.: 320-503 Lancair

U.S. DEPARTMENT OF TRANSPORTATION
FEDERAL AVIATION ADMINISTRATION

Registration: HB-YFR

This Aircraft is FAA and FOCA approved in the Experimental category. This Document must be carried in the Aircraft at all times.

28.04.2007
Zulassungsstelle EAS: H. Leiler

Builder: Alain Borgeaud / Switzerland

Owner: Claude Mollet and Hans-Ulrich Jost

On behalf of the FOCA Switzerland, this AFM has been approved by the EAS.

The base structure of this manual is from Lancair International's 1994 publication. Some parts are from Cessna's and Mooney manuals, adapted to the HB-YFR aircraft.

All the checklists and this aircraft specific data's were added to this manual. Some parts from the original 1994 Lancair manual that Claude Mollet has judged necessary were also added to the underlying manuals.

INTRODUCTION

This Lancair Pilot's Operating Handbook and Airplane Flight Manual is in the format and contains most data recommended in the GAMA (General Aviation Manufacturers Association) Handbook Specification Number 1. Use of this specification provides the pilot the same type data in the same place in all of the handbooks.

NOTE:

Owner modifications to this Lancair may alter the applicability of this handbook, which meets the GAMA specification #1 for pilots operating handbooks.

WARNING

Use only genuine Lancair approved parts obtained from Lancair International when repairing this Lancair 320.

Lancair parts are produced and inspected under controlled procedures to ensure airworthiness commensurate with use in the Lancair. Other than these approved parts, while appearing suitable, may not have been fabricated under adequately controlled conditions and may be unsuitable and dangerous when used in this Lancair.
